

BaByliss[®] PRO

**SATIN
SMOOTH[®]**

Ideal for deep nourishing paraffin wax treatments, this advanced heater has a large capacity and a sophisticated heating mechanism that indicates when wax has reached optimum temperature and is ready to use.

- Fast heat up.
- Heater capacity large enough to fit hand, foot or elbow.
- Holds up to 3kg of wax.
- 3 temperature indicator lights: Red indicates wax is too hot for use. Green indicates the wax is at the optimum temperature for use. Yellow indicates the wax is lower than the required temperature for use.
- Temperature dial with 10 heat settings.
- On/Off switch with 'On' indicator light.
- Protective lid.
- Non-slip feet.
- Barcode: 3030053084952.
